

### **REMARKS**

In the Notice of Allowability dated February 10, 2009, the Examiner indicates that claims 39, 42, 45-47, 49-51 and 53-59 have been amended by replacing the term "functional part thereof" with "enzymatically active part thereof".

Applicants acknowledge the Examiner's amendments. However, claim 43, which also recites "functional part thereof", was not included in the list of claims being amended by the Examiner. By way of the instant amendment, Applicants have amended claim 43 to recite "enzymatically active part thereof", consistent with the amendments to the other claims.

No new matter is introduced.

Respectfully submitted,
